more information as regards the comparative cost, difficulty and usefulness of the two roads, as also the contribution which may be expected in either case.

The comparatively small allotment worked out by the Revenue Department being brought to the notice of the members, it was explained by Amildars that best endeavours would be made to show better progress during the remaining months of the current year, and that the slow progress was

chiefly due to want of some permanent establishment to make out and submit correct estimates promptly and to supervise the works at their several stages. Some of the members stated that, in a Malnad District like this where labor is very dear, it is generally difficult to secure contractors for petty scattered works, and to entertain temporary establishments. It was also urged that the scheme according to Government Proceedings No. 14059-60—L. 1455, dated 8th March 1892, which the Taluk Méstris or Sub-Overseers are required to go twice a week to the Revenue authorities to help in the getting up of estimates for well works, &c., is not working well, as those officials being the subordinates of a different Department, have little or no regard or sympathy for the Revenue Department and when pressed they will have some excuse or other owing to dual responsibility. To meet these difficulties, it was unanimously resolved that a reference be made to Government to sanction solely for the Revenue Department a permanent professional hand of some status, who may materially help the Amildar in getting up of estimates and in supervising the works.

The following Proceedings and papers having been placed before the Board, it was resolved that the Government may be requested to provide funds for works or establishment concerned in the Budget already submitted but not yet passed.

Resolved that Rs. 750 be provided for the maintenance of 5 miles of Shimoga-Yedahalli road (at Correspondence ending with Executive Rs. 150 per mile), transferred to this District from Shimoga Engineer's No. 163, dated 18th May 1893. District.

(Note.—The Executive Engineer says that the Chief Engineer will be asked to include the said amount in the Budget under preparation).

Resolved that Rs. 280 ( $\frac{2}{3}$ ds of the cost except furniture) be provided in the Budget for 1893-94 Government Proceedings No. 15600-10— which is in the course of sanction and that the Municipal L. F. 4-92, dated 22nd March 1893, sanctioning a Hospital for women and children in Chikmagalur, Department be asked to provide for Rs. 140 ( $\frac{1}{3}$ rd cost except furniture) in the Municipal Budget.

(Note.—The amount entered in the Budget has to be altered according to this, as the Government Proceedings which were since received have given somewhat a different figure and as sanction has already been applied for.—*Vide* this office docket No. 592, dated 11th May 1893, for the cost of furniture, *viz.*, Rs. 192, being met from the savings of the District Fund and Municipal Fund Budgets of the current year in the proportion of  $\frac{2}{3}$  and  $\frac{1}{3}$  respectively).

Resolved that the amount of Rs. 403—3—1 debitable to District Funds be provided for in the Budget for 1893-94, submitted prior to the receipt of these Government Proceedings No. 15983-93— proceedings, if it is not already included on the authority, of L. F. 123-92, dated 29th March 1893. the proceedings referred to here.

Then a list of works found necessary for the use of several villages was read out and it was resolved that a few of them as subjoined below may be undertaken without delay, should Government sanction the grant of Rs. 10,000 from Local Funds General. *Vide*—Correspondence with Proceedings No. 16206-7—L. F. 9-92, dated 1st April 1893.
